Dear Friends & Supporters:

Tomball Little League (TLL) is a 501(c)(3) non- profit, volunteer organization. The Tomball Little League program provides our youth with the opportunity to develop in so many areas both on and off the field - baseball ability, friendships, character, teamwork, sportsmanship, and life lessons to name a few.

There are many expenses involved with youth sports programming and we count on the support of our community. Proper equipment, supplies, and field maintenance are required to give our little leaguers a chance to learn the fundamentals of baseball, compete respectably, and stay active and healthy all while being conducted in a safe environment. Our goal is to continue growing a quality athletic program here in Tomball that our community can enjoy, support, and be proud of! Your contributions help us to maintain and improve our facility and our programming for Tomball Little League!

As a Tomball Little League sponsor, you can showcase your business by being involved with a reputable organization and show your support of youth development as well as community responsibility. If you are interested in sponsoring the Tomball Little League Baseball Program in any way, please complete the sponsorship information form and submit with your contribution to our address above, or you can go online at https://tomballlittleleague.square.site and make your contribution through our online store. Your contribution is **fully tax deductible**.

We are proud to offer a variety of sponsorship packages to fit your companies budget, desires, and needs. Each one of our offerings is outlined on the next page. If you are interested in exploring a higher level of sponsorship, please contact one of the board members below.

To have your banner up by opening day on March 5th your information must be submitted by February 15th.

Should you have any questions or additional information is needed, please contact Mike Sandlin at fundraising@tomballlittleleague.com.

Sincerely,

Tomball Little League Board of Directors
